Subject: CAG Meeting

CAG meeting is confirmed for next Thurs 1/12 at 6pm at St James Church. Agenda is going out shortly, but will consist of short updates from EPA and the Urban Waters Ambassador, followed by a presentation from NJDEP on the restoration projects that were recently announced by the Governor's office.

The CAG asked for a timeline of RD submittals – I will be putting something together based on the AOC schedule. I'll send it to you for review before sharing with CAG.
